The Foundation of Rotary

Ken Ingram will talk about the Rotary International Foundation and PolioPlus at this week's Rotary meeting.

Ken Ingram joined Rotary in 1995. He served as the Club's Foundation Chair and has worked with the District Foundation since the death of Legendary Rotarian, Past District Governor and Foundation Expert Wilkes Berry who passed away in 2006.

Mr. Ingram served as Club President in the Centennial Year of 2005 and served on the Club's Board for six years 2001-2007. Photo by Don Barnes.

Rotary Foundation changes lives

By Antoinette Tuscano
Rotary International News — 10 November 2009

Worldwide, Rotary Foundation Matching Grants are saving and changing lives. Since the first Matching Grant was awarded in 1965, more than US\$335 million has been distributed through more than 30,000 grants.

This is a tremendous achievement for Rotarians, who have made these grants possible through their generous donations to the Annual Programs Fund, and dedicated their time and talent to help carry out projects that put Service Above Self.

By giving \$100 a year — less than \$2 a week — to the Annual Programs Fund through the Every Rotarian, Every Year (EREY) initiative, Rotarians become part of the Foundation's mission to advance world understanding, goodwill, and peace through the improvement of health, the support of education, and the alleviation of poverty.

Here are just a few of the projects made possible through Matching Grants.

Repairing cleft palates

Australian, Dutch, and Indonesian Rotarians have helped repair cleft lips and palates for more than 2,000 children. One of the most common birth defects, clefts can interfere with eating, speaking, and breathing.

Thalca Hamid, an orthodontist from the Rotary Club of Surabaya Central, Surabaya, Indonesia, and two other club members began the project in 2001, arranging patient transportation, educating parents about postoperative care, and providing children with books and toys. Rotarians also recruited local villagers to talk to rural families about the benefits of the surgery.

“The children and their families have unbelievable pressure and stress because many feel that such defects are a curse,” Hamid says. “Previously, few in our community realized how complicated this defect is.”

New hope and self-esteem

The Bitone Center for Disadvantaged Children, located in Kampala, Uganda, is home to two dozen children ages 8-18. Many are orphans; others have lost their homes or been estranged from their families by disease, war, or economic hardship.

The Rotary clubs of Kampala-East and Traverse Bay Sunrise, Michigan, USA, are providing support with help from a Rotary Foundation Matching Grant.

By connecting children to traditional Ugandan dance, music, and theater, as well as providing shelter, food, and education, the center strives to give them new hope and self-esteem.
