### Solutions for Life

This week's speaker brings a special message about solutions for North Texans struggling to overcome drug and alcohol addiction. Scott Wisenbaker is the Executive Director of Solutions of North Texas, a Substance Abuse Recovery Center and Sober Living Campus located in Denton. Their goal is to provide a safe place where men and women can begin a new life free from alcohol and substance abuse. Wisenbaker knows first hand the pain of addiction and the long road to recovery, and shares some of his own experiences and insights below:

**“In 1994 I was lost.** Alcohol and drugs ruled my life; leaving no room for anything or anyone, especially God. On March 20, 1995 I entered into a 12 step program and although I remained free of alcohol and drugs during the first 2 years I found no real relief. In 1997 I was finally introduced to a man who emphasized the simple fact that if I did not find God, I would never find freedom.

“After working a 12-step program of action, I have spent much of my free time carrying this message of hope to thousands of men and women residing in jails, treatment centers, hospitals, and at various 12-step meetings. I learned that our responsibilities do not stop with the person we are taking through steps but their entire family, regardless of the outcome. I offer the same hope and lifestyle to them if they would have it.

“I want to make a difference. Solutions of North Texas will provide a safe and structured environment holding each person accountable, insisting upon complete compliance with a strict code of conduct including an aggressive role in a 12 step program. We provide community service opportunities, 12 step book studies, and positive speaker meetings.”

# Afghanistan-Pakistan shelters boost end-polio effort

By Dan Nixon  
Rotary International News

Among the most difficult children to reach in the push to eradicate polio are those of migrant families crossing the Afghanistan-Pakistan border.

“Children who cross the border miss out on the NIDs [National Immunization Days] on both sides,” says Pakistan PolioPlus Committee Chair Aziz Memon. “In the heat and desert, there is no way we can give them polio drops while crossing borders.”

To help ensure that migrant children are protected against the disease, temporary shelters, one on each side of the Torkham border crossing, have been established as immunization sites. The air-conditioned shelters, funded by a US\$13,858 PolioPlus Partners grant, were converted from portable storage containers and are equipped with sanitation facilities and a freezer for storing oral polio vaccine.

The Pakistan PolioPlus Committee coordinated the design, manufacture, delivery, and installation of the shelters, which can be moved when they are no longer needed.

The shelters help reinforce the drive to end polio in Afghanistan and Pakistan, two of the world’s four remaining polio-endemic countries. Momentum for the drive’s success continues to build. Almost 1.2 million Afghan children were immunized on 21 September, the International Day of Peace. Coordinated NIDs are planned for both countries in October and November.

"I would like to think that the pioneering days of Rotary have only just begun. There are just as many new things to be done as ever there were. Rotary must continue to pioneer or be left in the rear of progress."
