Thursday, Noon
Radisson Hotel

Home Is Where the Heart Is

Susan Franks, the executive director of Hearts for Homes, was the speaker at Rotary’s March 13 meeting. Franks said, “Hearts for Homes is the result of a vision that God gave me in 1986, as I was driving home after doing some work for an elderly lady. God showed me that some day I would be involved full-time with an outreach to help people with home repairs, and that we would be ‘heavenly helpers.’ Our goal is for the aging population to enjoy their latter years in a home that is well-functioning and comfortable.”

Hearts for Homes was established in the spring of 2006, as a Christian-based outreach ministry to provide no-cost home repairs to low-income elderly homeowners in the Denton County area. Typical work includes painting, caulking, roofing, plumbing repairs, siding repairs and yard clean-up. Hearts for Homes coordinates with local agencies, churches, elderly service providers and community groups to identify low-income elderly homeowners in need of assistance. Those receiving help have incomes ranging from \$350 to \$1200 a month. With

support from Denton County organizations, businesses, and individuals, Hearts for Homes is an all-volunteer organization. Depending on assistance provided, volunteers are classified as Hammer and Nails, Power Tools, C-Clamps, and Tool Belts.

Rotary Disburses First US\$40 Million from Gates Foundation Grant

By Dan Nixon
Rotary International News - 13 March
2008

Nine countries and two World Health Organization regions have received The Rotary Foundation's first distribution from the Bill & Melinda Gates Foundation's \$100 million challenge grant for polio eradication.

Made in January, the US\$40 million disbursement is being used by WHO and UNICEF to carry out immunization activities in the four remaining polio-endemic countries — Afghanistan, India, Nigeria, and Pakistan — plus five others where “imported” polio cases have been reported. Surveillance and technical support are also being funded in WHO's African and Eastern Mediterranean regions.

Salim Habayeb, WHO's representative in India, calls Rotary International “a cherished partner” and says the funding “will ensure the continuation of high-quality surveillance and the sustainability of technical assistance.”

“This tremendous support comes at a crucial time for the polio eradication effort,” says Gianni Murzi, UNICEF's representative in India.

Since the grant distribution, Rotarians have continued their hands-on support to maximize the push to end polio. A team of 54 Rotarians and friends from Australia, Canada, France, Sweden, the United Kingdom, and the United States helped promote and carry out India's National Immunization Days (NIDs) in February, which reached more than 170 million children.

Joined by members of the Rotary Club of Delhi-West and nearly 100 students from a local Rotary club-sponsored school, the team took part in a rally in Sohna to promote the NIDs. Among the students, who all wore PolioPlus caps, were many polio victims, as was one of the Delhi-West Rotarians.

The team worked hand in hand with community members throughout the NIDs. “Along with us was a young girl, a Muslim, of about 17 years,” Elias Thomas, of the Rotary Club of Sanford-Springvale, Maine, USA, reports on the team's blog: (<http://rotarydreamteam-india2008.blogspot.com>).

“She was a member of the Interact club in her town and served as our translator. There were always local volunteers who were dispensing the

Continued from page 2

vaccine, but they were so pleased to have us assist them.”

“It is the most amazingly exhilarating and dramatically humbling experience,” reports Mark Brown, of the Rotary Club of St. John’s Northwest, Newfoundland, Canada. “Immediately, we were poured on by people wanting their children vaccinated. No time to ponder. Just two drops in each child’s mouth and a permanent marker on

the finger to show they’d been done. The mothers were so happy their child was treated.... We met some amazing Indian Rotarians today.”

“Now is the time to step up the momentum to get polio out of India forever,” says Deepak Kapur, chair of India’s PolioPlus committee. “Communication is necessary in getting families to understand the benefits of immunization, and is a critical piece of the overall strategy to make that happen.”

4-Way Test Speakers Show Competitive Ability

Susan Prichard, a Senior at Argyle High School, who will be attending Texas A&M, told how the 4-way test had relevance to her family’s situation. They lost their business in Arlington when it was taken as part of the Dallas Cowboy’s new stadium.

Although they were given some money, it did not come near replacement value. The way they were treated during the process gave her an example of what it means when the opposite of the 4-way test becomes the way of doing business.

Sarah Celaneous, a senior at Ryan High School, told the Rotary Club how the application of the 4-way test was relevant to a decision she had made in her own life.

She, without realizing it, had applied the elements in making a decision to gain more focus in her life and select one sport (volleyball) rather than volleyball *and* soccer.

The Rotary 4-Way Test

Is it the TRUTH?

Is it FAIR to All
Concerned?

Will it Build

GOODWILL and
BETTER

FRIENDSHIPS?

Will it be

BENEFICIAL to

All Concerned?

"I would like to think that the pioneering days of Rotary have only just begun. There are just as many new things to be done as ever there were. Rotary must continue to pioneer or be left in the rear of progress."

Paul P. Harris, 1947
